

Opened in 1996, schoenherr's Bucharest office is one of the most experienced international firms on the Romanian market, being ranked among the top 10 law firms in Romania (according to business newspaper Ziarul Financiar, April 2013). The 50-lawyer team advises mainly foreign investors on the complete range of corporate and commercial legal issues, with an emphasis on sophisticated corporate, finance and real estate transactional work. The Bucharest office is active in a large number of renewable energy (eg windparks) projects. It has built an impressive track record in the oil and gas retail, telecommunication, insurance, banking, pharmaceutical, construction, real estate development and IT industries. Its banking & finance team enjoys an excellent reputation in transactional and regulatory finance and capital markets work. The real estate team regularly acts on the largest property transactions in the country. The dispute resolution practice has expanded significantly over the past three years. The Bucharest office has also recently established a new communications, media and technology desk. In 2013, schoenherr was awarded for advising on the most prominent transaction in retail by business newspaper Ziarul Financiar.
