schoenherr slovenia

Schoenherr's Ljubljana office was established in 2001. It has since developed into one of the leading business law firms on the Slovenian market. We offer our clients full transaction support in large-scale M&A transactions, privatisations, debt restructurings, sales of loan portfolios, private equity investments, real estate acquisitions and project financing, as well as non-transactional work such as competition advice and litigation. We have extensive experience in the automotive, energy, insurance, banking, FMCG, retail, construction, real estate development, life-sciences, and TMT sectors. The team is comprised of approx 20 lawyers, all experienced and specialised in at least one of the Schoenherr core business sectors. Most of our lawyers have a good command of German besides being fluent in English.
